

## **Ace Triangle Shawl**

by Adrian Gergler

**This pattern can be used with any flat bed knitting machine.**

**This pattern assumes that the knitter has basic knowledge of the flat bed knitting machine being used.** This assumption includes casting on with an e-wrap cast on, knitting with the carriage, decreasing, increasing with or without eyelets, and binding off. This pattern also assumes that the knitter will have previously determined the carriage dial settings and tension rod settings for the weight of yarn that will be used.

**This pattern starts with the carriage on the right hand side of the bed.** All odd number rows will move the carriage from right to left. All even number rows will move the carriage from left to right. If you want to start your shawl with the carriage on the left hand side of the bed, you will need to reverse any directional instructions.

**Because of the increases and decreases at the edges of this shawl, the work will move across the bed.** It is recommended to have a garter bar on hand to remove the work from the bed to reset the work back to the right hand side of the bed. If you do not have a garter bar, you may need to periodically scrap off your shawl to move the work back to the right hand side of the bed.

## **Pattern:**

**Right edge** - edge of the work nearest your right hand

**Left edge** - edge of the work nearest your left hand

### **Waste yarn:**

Cast on 4 needles at the right hand side of the bed and knit several rows on waste yarn to hang weights

### **Cast on:**

Cast on 4 stitches with e-wrap cast on

Start with carriage on right side - Knit 2 rows

### **Set up rows:**

Row 3 - Move right edge 2 sts left to dec 1, move left edge 1 st left to inc 1 without eyelet, then knit row

Row 4 - Move left edge 1 st left to inc 1 without eyelet, then knit row

Row 5 - Move right edge 2 sts left to dec 1, move left edge 1 st left to inc 1 without eyelet, then knit row

Row 6 - Move left edge 2 sts left to inc 1 without eyelet, then knit row

Row 7 - Move right edge 2 sts left to dec 1, left edge 2 sts left to inc 1 with eyelet, knit row

Row 8 - Move left edge 2 sts left to inc 1 with eyelet, knit row

Rows 9 & 10 - Repeat rows 7 & 8

### **Main Rows:**

Row 11 - Right Edge: Move right edge 2 sts left to dec 1, move 1 st left from the dec to the left to create eyelet; Left Edge: Move left edge 2 sts left to inc 1 with eyelet; then knit row

Row 12 - Move left edge 2 sts to the left left to inc 1 with eyelet, then knit row

Repeat 11 & 12 until you reach desired edge width or have used all needles on the machine.

Knit 2 final rows.

Bind off.
